INDEX

Addison's disease, desoxy-corticosterone in, with presentation of a typical case 19
Adie's syndrome, report of four cases 203
Adult, intussusception in 74
Allergic conjunctivitis, an analysis of thirty consecutive cases of 3
American college of physicians 150
Androgens in male in absence of testes 24
Anemia, hypochromic, and angina pectoris, esophageal hiatus hernia associated with 209
Anesthesia, pentothal sodium, in pneumo-encephalography 174
Aneurysm, innominate artery 37
Angina pectoris, esophageal hiatus hernia associated with hypochromic anemia, and 209
Angioneurotic edema, and chronic urticaria, case reports 147
Arteries, pulmonary, thrombosis of 284
Artery, innominate, aneurysm of 37
Arthritis, septic, of knee with staphylococcus septicemia, treated with sulfapyridine 35
Aspergillosis, pulmonary, report of a case 66
Auricular fibrillation in hyperthyroidism use of quinidine for 135
Bacterial endocarditis, subacute, treated unsuccessfully with sulfapyridine, report of five cases 83
Biochemistry, urological practice and 271
Bladder, neurogenic, associated with brain tumors, presentation of case 138
Bladder tumors, treatment of with comparison of results in pedunculated and infiltrating types, report of 130 cases 231
Blood water, studies on 191
Brain tumors, neurogenic bladder associated with, presentation of case 138
Brittle bones, and blue sclera, hereditary mesenchyme hypoplasia 58
Bronchogenic carcinoma, role of roentgen therapy in treatment of 116
Carcinoma, bronchogenic, role of roentgen therapy in treatment of 116
Carcinoma of lung, surgical treatment of 265
Cardiospasm, diagnosis and treatment of 103
Celiac ganglionectomy for Raynaud's disease, further report of case operated upon three years ago 163
Chemotherapy of pneumonia 109
Colon and rectum, early diagnosis of disease of 94
Conjunctivitis, allergic, an analysis of thirty consecutive cases of 3
Deficiency, testicular, peroral use of methyl testosterone in 226
Desoxy-corticosterone acetate in Addison's disease, with presentation of a typical case 19
Diagnosis and treatment of cardiospasm 103
Diagnosis, early, of diseases of colon and rectum 94
Diathermy, short wave, clinical application of 184
Diseases of colon and rectum, early diagnosis of 94
Edema, angioneurotic, and chronic urticaria, case reports 147
Endocarditis, subacute bacterial, treated unsuccessfully with sulfapyridine, report of five cases 83
Endocrine functions of testes in man, clinical aspects of 43
Esophagoscopy; treatment of lesions of esophagus 52
Esophagus, foreign body in 276
Esophagus, treatment of lesions of: esophagoscopy 52
Fibrillation, auricular, in hyperthyroidism, use of quinidine for 135
Foreign body in esophagus 276
Fragilitas osseum: brittle bones and blue sclera hereditary mesenchyme hypoplasia 58
Ganglionectomy, celiac, for Raynaud's disease; further report of case operated upon three years ago 163
Gastric ulcer, some gastroscopic observations in 123
Gastroscopic observations in gastric ulcer 123
Heart, myxedema 29
Hemorrhage, subarachnoid, spontaneous, review of 50 consecutive cases 147
Hernia, esophageal hiatus, associated with hypochromic anemia and angina pectoris, report of case 209
Hormone therapy, ovarian, in functional menometrorrhagia, preliminary report 197
Hypertension, association of unilateral kidney disease with 290
Hyperthyroidism, severe, roentgen therapy in conjunction with thyroidectomy in treatment of 243
Hyperthyroidism, use of quinidine for auricular fibrillation in 135
Hypoplasia, mesenchyme, hereditary, brittle bones and blue sclera 58
Idiopathic, spontaneous pneumothorax 178
Infections, urinary tract, management of 280
Innominate artery, aneurysm of 37
Intussusception in adult 74
Kidney disease, unilateral, association of with hypertension 290
Lesions of esophagus, treatment of: Esophagoscopy 52
Lichen nitidus, report of 2 cases with an unusual finding of melanin in giant and epithelioid cells in one case 214
Lithiasis, vesical, concomitant with benign enlargement of prostate 87
Lung, primary carcinoma of, surgical treatment of 265
Meningiomyelitis, subacute, simulating spinal cord tumor 10
Menometrorrhagia, functional, ovarian hormone therapy in, preliminary report 197
Mesenchyme hypoplasia, hereditary, brittle bones and blue sclera 58
Methyl testosterone, peroral use of in testicular deficiency 226
Mortality, in prostatic surgery, factors responsible for 140
Myxedema heart 29
Neurogenic bladder associated with brain tumors, presentation of case 138
Neurosurgical management of intractable pain 116
Nucleus pulposus, retropulsion of, simulating tumor of cauda equina 257
Organisms, living, radiations emitted by 15
Ovarian hormone therapy in functional menometrorrhagia, preliminary report 197
Pain, intractable, neurosurgical managemennt of 116
Pancreas, traumatic rupture of, case report 132
Pentothal sodium anesthesia in pneumo-encephalography 174

Meningiomyelitis, subacute, simulating spinal cord tumor 10
Menometrorrhagia, functional, ovarian hormone therapy in, preliminary report 197
Mesenchyme hypoplasia, hereditary, brittle bones and blue sclera 58
Methyl testosterone, peroral use of in testicular deficiency 226
Mortality, in prostatic surgery, factors responsible for 140
Myxedema heart 29
Neurogenic bladder associated with brain tumors, presentation of case 138
Neurosurgical management of intractable pain 116
Nucleus pulposus, retropulsion of, simulating tumor of cauda equina 257
Organisms, living, radiations emitted by 15
Ovarian hormone therapy in functional menometrorrhagia, preliminary report 197
Pain, intractable, neurosurgical managemennt of 116
Pancreas, traumatic rupture of, case report 132
Pentothal sodium anesthesia in pneumo-encephalography 174

Pneumo-encephalography, pentothal sodium anesthesia in 174
Pneumonia, chemotherapy of 109
Pneumonia, treatment of 298
Pneumothorax, idiopathic spontaneous 178
Polycythemia vera, treatment of 166
Prostate, benign enlargement of, vesical lithiasis concomitant with 87
Prostatic surgery, factors responsible for lower mortality in 140
Pulmonary aspergillosis, report of a case 66
Quinidine, use of for auricular fibrillation in hyperthyroidism 135
Radiations emitted by living organisms 15
Raynaud's disease, celiac ganglionectomy for, further report of case operated on three years ago 163
Rectum, and colon, early diagnosis of diseases of .. 94
Roentgen therapy in conjunction with thyroidectomy in treatment of severe hyperthyroidism .. 243
Roentgen therapy, role of in treatment of bronchogenic carcinoma 116
Rupture, traumatic, of pancreas, case report 132
Sclera, blue, brittle bones and, hereditary mesenchyme hypoplasia 58
Septicemia, staphylococcus, with septic arthritis of knee, treated with sulfapyridine 35
Short wave diathermy, clinical application of 184
Spinal cord tumor, subacute meningiomyelitis simulating 10
Staphylococcus septicemia with septic arthritis of knee treated with sulfapyridine 35
Subarachnoid hemorrhage, spontaneous, review of 50 consecutive cases 162
Sulfapyridine, staphylococcus septicemia with septic arthritis of knee treated with 35
Sulfapyridine, subacute bacterial endocarditis treated unsuccessfully with report of five cases .. 83
Syndrome, Adie's report of four cases 203
Syphilids, late, of nodular and nodulo-ulcerative type 246
Testes, androgens in male in absence of 24
Testes, in man, clinical aspects of endocrine functions in 43
Testicular deficiency, use of peroral methyl testosterone in 226
Testosterone, methyl, peroral use of in testicular deficiency 226
Thrombosis of pulmonary arteries 284
Thyroidectomy, roentgen therapy in conjunction with in treatment of severe hyperthyroidism 243
Trachea, tumors of 261
Traumatic rupture of pancreas, case report 132
Treatment, and diagnosis, of cardiospasm 103
Treatment, of pneumonia 298
Tumors, bladder, treatment of with comparison of results in pedunculated and infiltrating types, report of 130 cases 231
Tumors, brain, neurogenic bladder associated with, presentation of case 138
Tumors of trachea 261
Tumor, spinal cord, subacute meningiomyelitis simulating 10
Ulcer, gastric, some gastroscopic observations in .. 123
Urinary tract infections, management of 280
Urological practice and biochemistry 271
Urticaria, chronic, and angioneurotic edema, case reports 147
Vesical lithiasis, concomitant with benign enlargement of prostate 87
Water, blood, studies on 191

THE FRANK E. BUNTS INSTITUTE

The Frank E. Bunts Institute will not present the regular fall and winter courses this year.
